

Providing All Your Massage Essentials

Daniel Murphy's goal is to make Massage Equipment and Supplies of Houston the "go-to place" for massage therapists looking for quality tables, chairs and other massage products to make their businesses stand out in a crowd.

Daniel Murphy

Murphy, offers anything and everything for the massage therapist, from Stronglite tables and Ergo Pro chairs, to Biotone massage cremes, lotions, gels and essential oils, candles and room mists. Other products for sale include cremes for muscle and joint relief, including Sombra and Biofreeze analgesic pain control products and ibuprophen gel.

Murphy also offers his customers Shea butter products, massage table sheets and face rest covers, stones for hot stone therapy, freshly dipped incense, and emu oil products among other things. For a full list of products, visit www.massage-tables.net.

Since taking over ownership of the business in January, Murphy has set up an online purchasing system, as well as priority mail shipments and a local delivery service.

A former entrepreneur in the computer field, Murphy was introduced to the business several years ago by former owner Troy Barrett. Murphy's introduction, however, came the hard way — after suffering a detached retina in a car accident.

"I had to spend two weeks face down in recovery," said Murphy. "Troy's equipment made the procedure more comfortable."

After recovering, he built a Web site for Massage Equipment and Supplies of Houston, as well as point of sale hardware and software and for a while had a computer shop in the back of Troy's store.

When Barrett decided to retire, Murphy was his first choice to take over the business.

Massage Equipment and Supplies of Houston is located at 14906 Northwest Freeway, and is open 10 a.m. to 6 p.m. Monday through Saturday.
